Delonghi Climaveneta Model BE/SRAT/SL2702 750kW Chiller Unit

Sorry, this machine is no longer available

We might be able to meet your requirements with other Air Cooled Chillers & Refrigeration machines.

Stock No	CQ411
Manufacturer	Delonghi
Model	BE/SRAT/SL2702
Year of Manufacture	2000
Serial	B5766505001
Ave. cooling capacity	750kw @ 7-13°C
Ave. Water Flow Rate	30 l/s
Other Info	Reliable air condition/process chiller

Description

This pre owned Climaveneta chiller is an outdoor suited air cooled process water chiller. The unit produces highly thermo regulated chilled water through it matching design of twin semi hermetic screw compressors optimised to run on R407C refrigerant gas, 16 x axial flow cooling fans, copper and aluminium condenser coiling coils, and evaporative shell and tube heat exchanger. The base and supporting structure are of powder coated galvanised steel and the condenser cooling fins

have been treated with a "Blygold" protective coating to offer maximum protection to the elements. The SL version of this unit is an ultra low noise model making suitable for use in sensitive area's.

Standard features of this range include:-

-CVM 300 T Microprocessor controls with advanced functions for close control and system monitoring.
-Soft start facility
-Electronic expansion valve
-Variable speed condenser fans
-Remote keyboard access
-Twin cooling circuits with split load compressors
-Cold weather frost protection devices

Technical Specifications:-

- SR6H & SR5H semi hermetic screw compressors
- Cooling capacity of 750kW of Chilled water 7 / 13°C in an ambient air temperature of up to 46°C
- Overall dimensions 8500L x 2270W x 2250mm High
- Refrigerant charge 280-130kg
- FLA 610 Amps
- FLC 360 Amps

Photographs taken prior refurbishment. Our refurbishment service is not available on all machines.
