### Description

A Kilns & Furnaces Electric fired Tilting Industrial Retort Furnace (not supplied). Suitable for melting & maintaining aluminium or other alloys. Unit is supplied with a ST316A Temperature Programmer

This Furnace combines all the advantages of retort furnace such as quicker heating times, improved operating conditions, and decreased fuel consumption.

Retorts can be purchased subject to your process requirements directly from the manufacturer.

**Photographs taken prior refurbishment. Our refurbishment service is not available on all machines.**
