

## Rosler R290/650 FB/T Belt Conveyor

Stock No	<a href="#">VW1152K</a>
Manufacturer	<a href="#">Rosler</a>
Model	R290/650 FB/T
Year of Manufacture	2004
Serial	32522/04
Condition	From a working environment, Good Condition, Current Model
Type	Flightless belt
Other Info	400V/50Hz
Location	Our Central Warehouse, Aldridge, UK
External Dimensions (WxDxH mm)	300 wide 2700 belt length

### Description

A Rosler R290/650 FB/T flightless belt conveyor with drip tray and adjustable legs. The polyurethane belt is driven by a worm/wheel reduction gearbox, with belt tensioning made by an adjustable roller arrangement from one side

With heavy gauge bolted construction, where belt is continuously supported over its length by support rollers, with the conveyor height and angle adjusted by the support leg slides.

The sides of the conveyor are constructed by thick 200 mm high polypropylene side guards to minimise the potential for product spillage

Photographs taken prior refurbishment. Our refurbishment service is not available on all machines.
