

Caltherm Aerospace Quality Multipurpose Oven

Stock No	OX1900
Manufacturer	Caltherm
Model	Caltherm Drying Oven AMS 2750
Year of Manufacture	2012
Serial	J7154.E12.11
Condition	Seen working by RSW, Excellent Condition
Internal Size (WxDxH mm)	1700 x 900 x 1900
Max Temp	200°C
Other Info	Conforms to AMS2750 Standard
Location	Our Central Warehouse, Aldridge, UK
External Dimensions (WxDxH mm)	3300 x 3150 x 6350

Description

Caltherm Drying Oven

Caltherm have been a world-class designer and manufacturer of industrial ovens for thermal processing applications for over 30 years.

Customers supplied include many of the most prestigious names in the aerospace and automotive industries, electrical and engineering, composite, rubber and plastics manufacturers, glass and pharmaceutical firms.

A reputation for thoughtful, innovative design, robust construction and experienced installation means that customers often return as their businesses expand.

Vertical door easy loading-reduce space

The oven on offer is a 200°C class 1 oven with a tolerance of $\pm 3^{\circ}\text{C}$, and having internal dimensions of 1700 x 900 x 1900 mm.

The oven is designed with innovative features such as:

- Rocking frame door closure for a tight chamber air seal with minimal wear.
- Inbuilt cooling facility,
- Light guard protected work zone in front of oven,
- Large slow air circulation fan for good uniformity with little air disturbance.
- The comprehensive control panel incorporates a Eurotherm 3504 programmable main controller
- Eurotherm 3216 over temperature monitor and a Chessel 6100A graphical data logger.

It has only been used lightly for the application on composite paint curing to technical parts.

Photographs taken prior refurbishment. Our refurbishment service is not available on all machines.
