

## Canning Open Ended Drying / Barreling Machine

Stock No	<a href="#">VZ1239</a>
Manufacturer	<a href="#">Canning</a>
Model	Gas fired sawdust drying barrel
Serial	07-83-3
Type	Manual
Other Info	gas fired
Location	Our Central Warehouse, Aldridge, UK
Weight (kgs)	210
External Dimensions (WxDxH mm)	1200 x 1200 x 1530

### Description

#### Gas Heated Barrel

Designed for quick drying of smaller quantities of articles and fitted with a protective skirting to conserve the heat.

The gas supply to the barrel is fitted with an automatic control, actuated by a plunger which gives maximum heat at full pressure when the barrel is in the normal running position.

When the barrel is in the out-of-gear position or tilted for unloading the gas pressure is reduced to a minimum.

#### Technical Specification

- Inside diameter of barrel at the top - 356 mm
- Inside diameter of barrel at the base- 559 mm
- Inside depth of barrel - 483 mm
- Height overall - 1650 mm
- Width overall - 1219 mm
- Depth overall when tipped (front to back) - 1372 mm
- HP of driving motor - ?
- Maximum current consumption for heating approx. 2.4
- Barrel speed - 25 rpm

**Photographs taken prior refurbishment. Our refurbishment service is not available on all machines.**
