

Wheelabrator Ventus Heavy Duty, Pressure Fed, Shot Blasting Cabinet

Stock No	SZ894
Manufacturer	Wheelabrator
Model	92 PR
Year of Manufacture	2005
Serial	220480
Condition	Good Condition
Work Envelope (WxDxH mm)	880 x 640 x 720
Work Handling Method	Manual
Other Info	Inc. DCE Unimaster Dust Extractor
Location	Our Central Warehouse, Aldridge, UK
Weight (kgs)	362 +310
External Dimensions (WxDxH mm)	1240 x 1350 x 2300

Description

The Ventus 92 PR Pressure Fed Air Blast Cabinet

A favorite in the Aerospace and medical industries, where keeping abrasive quality is very important, the Ventus range is versatile enough to allow all types of finishes.

Designed specifically for production applications where a high work output is required combined with optimum abrasive

quality. These machines offer advanced features to maximise abrasive integrity and ensure efficient operation using a separate free-standing recovery power pack.

Pressure fed - Designed specifically for production applications where a high intensity blasting process is required. It offers advanced features to ensure efficient operation and maximum operator comfort.

It incorporates free standing dust collector to save space and minimise dust emissions.

Applications

- Rust and heat scale removal
- Paint stripping
- Surface texturing
- Preparation for painting, bonding and plating
- Corrosion removal
- Shot peening
- General component cleaning
- Cosmetic finishing
- Mould cleaning.
- Glass etching.

The underslung power-pack and 41 ltr pressure pot feeds the blast pot and nozzle with only good regraded abrasives without any of the waste dust and fines recirculating in the system to increase productivity and offer a uniform finish.

Features

- Low noise levels.
- Robust construction.
- High ventilation rate for good visibility.
- Large viewing window.
- Free standing blast generator and dust collector measuring 960 x 1500 x 2350.
- Pressure regulation at operator position for ease of adjustment.
- Elliptical glove ports to suit a wide range of operator sizes.
- Anti-static gauntlets.
- Internal blow down gun.
- Adjustable abrasive feeding.
- Interlocked door.

Photographs taken prior refurbishment. Our refurbishment service is not available on all machines.
