

## Newport Arc Lamp Power Supply 69920

Stock No	<a href="#">MA702</a>
Manufacturer	<a href="#">Newport</a>
Model	69920
Year of Manufacture	03/2007
Serial	132
Condition	Current Model
Capacity	450W and 1000W
Process Application	Solar Simulators and light source supply
Other Info	RS232 interface
Location	Our Central Warehouse, Aldridge, UK

### Description

The 69920 Universal Arc Lamp Power Supply is used to power 450 W and 1000 W solar simulators and light source kits.

### Details

- It is highly regulated and maintains a very stable light output.
- For long-term stability-critical applications, the Digital Exposure Systems are recommended.
- It compensates for factors beyond the power supply's control, such as lamp aging, electrode erosion, and gas absorption.

The Marketplace for Surface Technology.  
New and Used Process Equipment & Machinery.  
*Machine Datasheet*

- The 69920 has an RS-232 computer interface in order to set the lamp operating parameters, monitor the light output levels, and turn power on/off remotely

**Photographs taken prior refurbishment. Our refurbishment service is not available on all machines.**
