

Air Plant Dust Extraction Ltd ATEX Rated Rotary Discharge Valve

Stock No	MA704
Manufacturer	Air Plant Dust Extraction Ltd
Model	350 x 500
Year of Manufacture	11/2016
Serial	RV1649.11.16
Condition	Excellent Condition, Current Model
Approx Duty CFM / M ³ /Hr	Weight Range 50 to 150 Kgs
Filter Area ft ² / m ²	N/A
Other Info	415 Volt
Location	Our Central Warehouse, Aldridge, UK
Weight (kgs)	178
External Dimensions (WxDxH mm)	600 x 450mm Flanged inlet.

Description

Rotary Discharge Valves are an excellent choice for dust collector and cyclone applications.

Benefits of rotary valves

- Fast, efficient automated dust collection and disposal.
- Continuous dust disposal that keeps hopper and collector operating at peak performance.

The Marketplace for Surface Technology.
New and Used Process Equipment & Machinery.
Machine Datasheet

- Reduced dust collector maintenance time and cost.
- Trustworthy, high quality technology from the leader in industrial air filtration.

Standard features

- 600 x 450mm Flanged inlet.
- Outlet 75mm tube fitted.
- 0.75kW 440V / gear motor.
- 16 to 25 rpm rotation speed.
- Heavy duty geared motor.
- Five vane rotor Discharge.
- 415V.
- 2016.
