

Technowash Single Stage Gas Fired Through Feed Basket Spray Wash

Stock No	DA1392
Manufacturer	Technowash
Model	AQF 1250
Year of Manufacture	2004
Serial	50186
Condition	From a working environment, Good Condition, Current Model
Work Envelope (WxDxH mm)	1770 x 870 Max.
Process Stages	Single Batch Straight Through Process
Other Info	Gravity fed through feed roller conveyor
Location	Our Central Warehouse, Aldridge, UK
Weight (kgs)	2166
External Dimensions (WxDxH mm)	2630 x 2350 x 2900

Description

Technowash AQF1250 Gas Heated Single Stage, Batch Through Feed Spray Wash Cleaning and Degreasing Plant

The Technowash 1250 has been designed to specifically accommodate the heavier loads and where the level of component surface contamination is high.

The machine has all its wetted parts constructed from stainless steel, and this means that the machine is able to carry out

a wide range of cleaning and surface preparation, and surface finishing processes.

Fitted with full microprocessor control, for both consistency of process and flexibility of operation.

Exceptionally high levels of component cleanliness are reached using a high-pressure degreasing process and use a gas burner to control the solution tank temperature for increased energy efficiency and reliability

The machine is supplied with Twin Hydraulic lifting platforms, in-feed/out-feed roller conveyors, and four baskets for optimum efficiency in operation

Standard load table dimension of 1250 mm x 400 mm under the boom

Standard features include:

- 100% stainless steel construction
- Doors front and rear. Load / unload front or go straight through,.
- Full 35mm thick thermal & sound insulation
- Low fluid level protection
- Variable wash cycles to suit application
- Integral Fluid Filtration
- External fixed load/unload platform
- Pressed Stainless Steel Pump
- Gas heating
- Air powered vertical opening doors
- Door pressure sensitive safety pad
- Digital fluid temperature control
- Pumped coalescing oil filter
- Steam extraction system
- Front steam extraction hood

Photographs taken prior refurbishment. Our refurbishment service is not available on all machines.
