Year of Manufacture	2004
Serial	32529/04
Condition	From a working environment, Good Condition, Current Model
Capacity	Ø1500mm
Type	Sorting and Storage Rotary Table
Other Info	400V/50Hz
Location	Our Central Warehouse, Aldridge, UK
Weight (kgs)	442
External Dimensions (WxDxH mm)	1525 x 790

Description

Rosler Storage Table R150 TA

An as new Rosler 1500mm diameter rotary table with mechanical variable speed rotation.

This Rosler table was designed and built for specifically for a manufacturing sub assembly cell to both sort and display the build parts to the operator. The 1.5mtr table is constructed from heavy duty steel plate and will accept fixtures and

dividers bolted directly to it.

The rotational speed of the table is controlled through a fixed speed mechanical gearbox
Overall dimensions 1525mm Ø x 790mm high

Storage Table R150 TA

- The rotation of the table is driven by a planetary gear motor with variable speeds
- The motor is mounted underneath the table
- The speed of the rotation can be adjusted at the drive motor
- The round table is made of welded metal construction
- It is mounted on a frame
- The frame can be fixed on the floor by screws and dowels

Photographs taken prior refurbishment. Our refurbishment service is not available on all machines.
