

Wheelabrator Dust Extractor and Pressure Pot

Stock No	EE2233
Manufacturer	Wheelabrator
Model	Aircomprime
Year of Manufacture	1994
Serial	2416
Condition	From a working environment, Good Condition
Work Envelope (WxDxH mm)	Pot diameter 400mm
Work Handling Method	Manually Filled
Other Info	Max. Work Pressure 8 Bar : 42Litre Cap.
Location	Our Central Warehouse, Aldridge, UK
External Dimensions (WxDxH mm)	1100 x 1400 x 2450 : Bucket Ø250 x 200mm

Description

From the renowned company, Chaudronnerei Bauloise a boiler manufacturer in Baule, France.

A dust collector and 42 litre pressure pot has an adjustable double flux cyclone which feeds the blast pot and nozzle with only good regraded abrasives without any of the waste dust and fines recirculating in the system to increase productivity and offer a uniform finish.

Features

The Marketplace for Surface Technology.
New and Used Process Equipment & Machinery.
Machine Datasheet

- 1.1kW fan motor.
- 3 Cartridge filters. Approx. 320ft³ // 30M³ filter area.
- Approx. CFM=1325 // 2250M³/Hr.
- Low noise levels.
- Robust construction.
- High ventilation rate.
- Dusty and pressure pot dimensions - 1100 x 1400 x 2450mm.
- Reverse jet dust collector with clean side filter change.
- Adjustable abrasive feeding.
- Sophisticated cyclone for efficient and adjustable abrasive separation.
- Aerated adjustable feed valve for even abrasive feed.

Photographs taken prior refurbishment. Our refurbishment service is not available on all machines.
