Description

This pre owned Unimaster 102 G3 dust collector from Donaldson Torit is designed to maximize dust collection and the life of the collector components for years of extended service, the Unimaster collector's compact design and quiet operation provides efficient, trouble-free service.

- A self-contained collector with everything needed to begin collecting dust, the Unimaster comes complete with fan and fan motor, automatic shaker and shaker motor, and system controller making installation quick and easy. Since the automatic shaker cleans the bag filters, there is no need for expensive compressed air. Ideal for

intermittent operations in plant processes, the Unimaster can be used as a central system or at the point of dust generation.
