

NS Maquinas TR120-Z2L Edge Deburring Machine

Stock No	PF1223
Manufacturer	NS Maquinas
Model	TR120-Z2L
Year of Manufacture	2020
Serial	3494
Condition	From a working environment, Excellent Condition, Current Model
R.P.M.	1380
Hp/Kw	Total Power 4.5kW
Other Info	As new Only 8 Hours Run Time
Location	Our Central Warehouse, Aldridge, UK
Weight (kgs)	550
External Dimensions (WxDxH mm)	1900 x 1900 x 1185

Description

This, as new, premier industrial metal working through feed multi finishing machine has powered conveyor feed for edge and side deburring via finishing belt and twin flap wheel / Lamella Wheel media.

- Remove sharp edges and burrs from laser-cut, punched or plasma-cut components. Improve safety, protect downstream processes and ensure a smooth finish on every sheet.
