Description

The Donaldson Torit® DB-800 Downdraft bench is compact and ergonomically designed for finishing small parts. It combines a heavy gauge and welded cabinet and direct drive fan to help provide trouble-free service. With the hinged side panels, it is a great solution to accommodate long work pieces. Supplied with new and spare filters.

Compact, ergonomic, intermittent-duty dust collection bench for small parts grinding and finishing processes.

Details

- Heavy-duty welded cabinet and direct drive fan provide long-lasting, dependable service.
- Hinged side-wing panels open to accommodate longer workpieces.
- Quick access to dust drawer provides easy maintenance.
- Built-in light illuminates work area.
- Manually-operated shaker makes bag filter cleaning easy.
- Filter changes have never been easier with the EZ Filter Pack™ , a one-piece lightweight filter bag pack, that installs without tools and provides a positive pressure seal.
- Helps support OSHA Clean Air Standards.

Photographs taken prior refurbishment. Our refurbishment service is not available on all machines.
