

Carbolite Heavy Duty Box Oven LGP 2-1500

Stock No	OF2663
Manufacturer	Carbolite
Model	LGP 2/1500
Year of Manufacture	04/2011
Serial	21-004084
Condition	From a working environment, Good Condition
Internal Size (WxDxH mm)	1070 x 1100 x 1500mm (1760Litres)
Max Temp	250°C
Other Info	18kW Heating Power : Air Circulation Fan
Location	Our Central Warehouse, Aldridge, UK
Weight (kgs)	950
External Dimensions (WxDxH mm)	2230 x 1500 x 1950mm

Description

Carbolite's LGP range of industrial batch ovens sets the standard for a wide range of industrial processing applications.

Features of the LGP Range:

- The ovens provide excellent performance and reliability

Air circulation to improve temperature uniformity.

- Chamber capacity of 500 litres, at temperatures up to 250°C.
- A long working oven life.
- The external construction is of mild steel section powder coated.
- High thermal efficiency is achieved through the use of low thermal mass insulation.
- A temperature uniformity of +5°C to within 100mm of the walls and roof and 150mm of the doors and floor is achieved.

Details:

- Model LGP 2/1500.
- Maximum temperature 250°C.
- Volume (l) 1760.
- Total power 18kW.
- Air circulation fan.
- Single opening interlocked door.
- Eurotherm 2216e Digital temperature controller.
- Three phase operation, 415V.
- 7 internal shelves.
