

Turbex Top Loading Parts Washer

Stock No	DF1631
Manufacturer	Turbex
Model	Rotary 1700-T1
Serial	1317159
Condition	From a working environment
Work Envelope (WxDxH mm)	Basket Ø1050 x 100mm (Max height =500mm)
Process Stages	Single Stage
Other Info	Interlocked lid. Oil Skimmer.
Location	Our Central Warehouse, Aldridge, UK
Weight (kgs)	400
External Dimensions (WxDxH mm)	1700 x 1700 x 1400mm (2200mm lid open)

Description

These top loading spray wash machines are designed by engineers for engineers. Constructed from Stainless Steel, the basket size is 1,000mm diameter. These machines provide excellent cleaning performance due to the spray pressures and high liquid flow rates achieved by the pump. The motor driven basket rotates around the fixed spray bars.

Standard Features

•

The Marketplace for Surface Technology.
New and Used Process Equipment & Machinery.
Machine Datasheet

Stainless Steel construction.

- Wash height in tank lid for ease of loading.
- Rear mounted tank for ease of service access.
- Sliding tray with replaceable filter mat above the tank.
- Motorised basket, friction driven.
- Thermostatically controlled electric heating.
- Combined temperature gauge and thermostat.
- Oil separation.
- High flow rate and pump pressure.
- Capable of accepting loads up to 300Kg.
- Low level alarm with heating protection.
- Adjustable wash timer.
- Start/Stop switch with lamp for 'machine running'.
- Interlocked lid safety switch.

Photographs taken prior refurbishment. Our refurbishment service is not available on all machines.
