

Gallito Gas Fired Box Oven

Stock No	OF2671
Manufacturer	Gallito
Model	Heavy Duty Box Oven
Year of Manufacture	2007
Condition	From a working environment, Good Condition, Current Model
Internal Size (WxDxH mm)	1600 x 3000 x 2000
Max Temp	250°C
Other Info	Doors both ends
Location	Arriving in our warehouse soon
External Dimensions (WxDxH mm)	3200 x 2750 x 3500

Description

Gallito Box Curing Oven

For Drying, Curing, Baking & Preheating.

Gallito is a leader in paint oven technology. Their Batch Process Oven, with its compact design, provides an economical solution for space limitations. The uni-flow air distribution system circulates heated air on both sides of the oven for a balanced, uniform temperature throughout. This results in a quality finish for your products.

Machine Datasheet

The oven is constructed on from steel sheet with reinforcements to the frame and doors and an aluminium clad internal chamber. The sandwiched sheets are interweaved with aluminium clad fibreglass insulation to retain the heat and offer low running costs.

Features include:

- Omron Dual display temperature controller.
- Double doors to each end.
- Internal dimensions of 1.6m wide x 3m depth x 2m high
- Overall size: 3.2m long x 2.6m wide x 2.5m high (plus 1m for burner box)
- 3 phase 2.2kw circulation fan.
- 100kw Comtherm package burner designed to run on Natural Gas.
- Auto chamber atmosphere purge system.
- Fume bleed system to reduce the volitiles within the chamber whilst processing.
- Control includes process batch timer with audible sounder and auto proces shutdown.
- Explosion relief panels mounted in the roof for safe operation.

Photographs taken prior refurbishment. Our refurbishment service is not available on all machines.
