

Barlow Whitney Batch Oven

Stock No	OF2672
Manufacturer	Barlow Whitney
Model	A10905
Serial	Y13289A
Condition	From a working environment, Good Condition
Internal Size (WxDxH mm)	900mm x 900mm x 1500mm
Max Temp	350°C
Other Info	18kW : Explosion Relief Panel
Location	Our Central Warehouse, Aldridge, UK
External Dimensions (WxDxH mm)	1500mm x 1300mm x 2500mm

Description

This pre-owned Barlow Whitney industrial batch oven is versatile enough to support a wide range of applications, from basic drying processes to precise metallurgical heat treatments. Engineered for maximum thermal efficiency and uniform heat distribution, this robust unit delivers consistent, high-tolerance results across demanding production cycles.

Typical applications for this batch type box oven are:

- General Heat Treatments.
- Curing paints, varnishes and inks.

The Marketplace for Surface Technology.
New and Used Process Equipment & Machinery.
Machine Datasheet

- Curing resins, rubbers and composites.
- Processing plastics, curing PTFE.
- De-embrittlement of engineering surface coating and plating finishes to name but a few.

Features

- Large explosion relief panel mounted in the rear of the oven
- Tempatron temperature controller
- Eurotherm over temperature controller
- Roof mounted air re-circulation fan.
- Roof mounted heater element pack
- 10 Shelf positions.
- Air vents to the roof with hand operated control damper.
- Roof mounted vent
- double opening door with double rope seals, twin fastenings.

Photographs taken prior refurbishment. Our refurbishment service is not available on all machines.
