

Insulation Material Pallet

Lot ID [BID 654](#)
Location Our Central Warehouse, Aldridge, UK

Description

Pallet of industrial composite & insulation material including block of Bear brand materials.

Bear Brand

Bear Brand is a heavy load phenolic-cotton laminate specially formulated for demanding lubricated bearing and wear applications. Offering excellent wear resistance, dimensional stability and low water absorption, it performs reliably with water, oil or grease lubrication. Ideal for marine bearings, pump sleeves, guide bushes, slideways, seal rings, mixer bearings and other high load wearing components.
