

Lee Laser 825TQ/CE

Lot ID	BID 673
Model	Lee Laser 825TQ/CE
Year of Manufacture	1998
Serial	98134
Location	Warehouse Clearance

Description

The Lee Laser 825TQ/CE is an industrial-grade, lamp-pumped Nd:YAG solid-state laser system. Manufactured by Lee Laser, Inc. (which later became part of Coherent), this specific model series is heavily utilized in micro-machining, wafer scribing, trimming, and precision cutting applications.
